Description

2x2m square patio umbrellas are widely used for recreation, outdoor decoration, and building your brand. They are ideal for creating shade for outdoor eating areas at bars, cafes, restaurants, and more. A custom printed umbrella with your logo and brand information will make it a great tool to attract your target customers. Can add an optional metal base, for extra stability.

If used outdoors permanently the dye sublimation printing will last at least 3 - 6 months before fading, especially for dark colours (like red, green, or black), however, if used intermittently, or indoors it will last for years.
