ADDITIONAL CUSTOM LABEL AND PACKAGING

1) Custom Labels: Labels with a standard contents across all labels count as one design. If you require different contents across the order of items, additional design costs will be applicable. For example, if you have different sizes printed on different labels, this will require an additional design charge.

2) Custom Packaging: Custom packaging designs for your products.

Please note that designs that extend from the body of the item to the neckline or collar, often may not match up perfectly due to differences in curves of the material.

When a pattern extends across 2 panels, such as connecting the front and back panels in a side seam, often designs will not perfectly align. Generally, there's about 5.0mm allowance for this mismatch.
