Description

The Sip N Fly Pet Bowl is a clever two-in-one pet accessory for active pets and their owners. On the ground it works as a practical food or water bowl, easy to clean between uses, and when it is time to play it doubles as a flying disc. The outer ring can be filled with water to create a natural barrier that keeps ants away from your pet's food, making it a smart choice for outdoor use. Made from silicone and available in White or Black. Material: Silicone
