Description

The Event Wrist Band is a practical and fully customisable wrist strap ideal for events, festivals, and access management. Made from polyester and measuring 15mm wide, each band features a toggle fastening that allows the wearer to adjust the fit to their wrist size and choose whether they prefer it worn snug or with a little slack. What sets it apart is the edge to edge sublimation printing, meaning your design, colours, patterns, or branding can cover the entire band from one end to the other with no white borders or blank space. The result is a vibrant, professional finish that looks the part at any event. Material: Polyester Strap / PP Toggle
