Description

State-of-the-art 5W wireless charging power bank that can charge two devices at once. It will charge devices that are enabled for wireless charging simply by placing them on top of the power bank. It also offers conventional charging for almost any phone with a wraparound cable that fits neatly into the housing. It has a Type-C connector and a unique double-sided connector with Lightning on one side and Micro-B USB on the other. The cable is also used for recharging the power bank from a USB port or a mains adaptor. Jarvis has 5000mAh of power storage, an input power of 5V/2A and an output power of 5V/2.4A. It is presented in a white box with an instruction leaflet and an optional EVA carry case is available on request. Please note that some phone cases may affect the wireless charging connection.
