Description

Two tiers instead of one, so a salad stays separate from the dressing and the sandwich doesn't end up in the fruit. Each 40mm deep compartment takes a proper serve rather than a token amount, and a litre across both decks covers a full lunch plus snacks. Food-safe PP, microwave safe for reheating, with a fork, knife and spoon clipped into the top tier so the cutlery arrives with the box instead of rattling loose inside it. Carry handle built into the lid. Large flat surfaces on the lid and sides for branding. Good fit for schools and universities, workplaces and onboarding packs, healthcare, worksites, gyms and conferences. Please note: Hand wash only — not dishwasher safe. This lunch box does not have a leak-proof seal, so it's best suited to solid foods rather than soups, dressings or anything loose. Material: PP, food safe Compartment Depth: 40mm food storage compartment
