Description

Futuristic 5W wireless phone charger that will charge devices that are enabled for wireless charging and will work with most modern phones. Simply plug it into any USB port or a mains adapter and place a compatible device on it for convenient wireless charging. Apollo's clear outer ring glows with an attention-grabbing brilliant blue light when it is charging. It is supplied with an 80cm Micro-B USB cable and an instruction leaflet. Please note that some phone cases may affect the wireless charging connection. The wireless charger will work at the optimum power level when used with a 5V/2.4A mains adaptor. Using a PC/laptop USB output to power the wireless charger may lead to slow charging, or not charging at all. Other factors like, positioning on the charging surface and the type of case used may also impact wireless charging.

Details

Packaging

Individual White Gift Box.

Item Size

Dia 98mm x 10mm.

Colours

White.

Decoration Options

Pad Print - 45mm Dia (circle).

Notes

Details such as measure, weight indications are approximate figures only. We reserve the right to change colours, printable areas, technical details or designs.
