Description

The AdMat is a hard-working advertising tool, ideal for making a strong first impression for your business. Easily washable and available in small quantities, it’s a simple yet effective way to showcase your brand wherever you go. Variable-data printing (VDP) Also known as variable-information printing (VIP) or VI) is a form of digital printing, including on-demand printing, in which elements such as text, graphics, and images may be changed from one printed piece to the next, without stopping or slowing down the printing process and using information from a database or external file. For example, a set of labels, each with the same basic layout, can be printed with a different name on each label. Variable data printing is mainly used for direct marketing, customer relationship management, advertising, invoicing and applying addressing on self-mailers, brochures, or postcard campaigns.

Details such as measure, weight indications are approximate figures only. We reserve the right to change colours, printable areas, technical details or designs.

Order Process

Order/ Quoting

Request a quote by Quick Quotation or email to us enquiry@promotionalproductsaus.com.au with decoration, deadline and quantity requirements and we will send you quotation for approval.

Artwork

Email us back your logo file (preferable in vector EPS, AI, PDF or SVG) and instructions. We will then create a mock up proof / visual for your approval.

Production

Once you approve your mock up proof, it goes into production to be your unique logo branded promotional items.

Delivery

We dispatch your products by a leading freight carrier.
