Description

Textured mouse mats and two coasters make the perfect desk set. A textured Matt surface on our new vinyl material which has a patented dot pattern on the back to help smooth out air bubbles. Material can be repositioned as desired. Please apply to clean, smooth, flat surfaces only. Best value available for your money. Packed loosely in a polybag.<br /> Variable-data printing (VDP)<br /> (Also known as variable-information printing (VIP) or VI) is a form of digital printing, including on-demand printing, in which elements such as text, graphics and images may be changed from one printed piece to the next, without stopping or slowing down the printing process and using information from a database or external file.<br /> For example, a set of labels, each with the same basic layout, can be printed with a different name on each label. Variable data printing is mainly used for direct marketing, customer relationship management, advertising, invoicing and applying addressing on selfmailers, brochures or postcard campaigns.
