Optional custom
silicone grip

Description

Elevate your cleaning experience with our Custom Superior Hi Microfibre Lens Cloth. Crafted from 250gsm/120 denier microfibre, this high-quality cloth is designed for exceptional oil and moisture absorption, making it ideal for cleaning sunglasses, eyeglasses, smartphones, e-book readers, camera lenses, monitors, collectables, and tablets. Available with either straight or zig zag cut edges, this cloth can be customised with a silicone grip, which is available in clear or matched to a specific Pantone colour. The silicone grip enhances usability by aiding in opening twist caps and jars, and improving handling while cleaning. Choose to add silicone to either side of the cloth for optimal convenience. The lens cloth is packed in a cello bag or a clear PVC pouch with a press stud (additional cost). Made in South Korea, it's a premium solution for maintaining clean, smudge-free surfaces. Material: Microfibre 250GSM/120denier
