Description

This Very Kool Cooling towel is ideal for any hot day for towelling off after a Yoga or Pilates Class and even useful for a face mask option during COVID-19, branded or unbranded. The Very Kool Cooling towel is a hyper-evaporative material that's the latest in cooling innovation; this towel retains water while remaining dry to the touch to provide cooling relief. The Very Kool Cooling Towel is the best way to battle big time heat from a walkathon to a construction site. Please note a standard digital transfer CMYK cannot be exactly PMS matched. To convert artwork colours from CMYK to PMS is TBA per colour. For digital transfer printing, please ensure art and colours are at full opacity. Individual poly-bags is optional for an additional TBA per towel. Keywords: sports, sport
