Description

The Ascend laptop stand is lightweight, foldable and portable. Create your perfect workspace anywhere. It is developed by taking ergonomics into account! Laptops have given us the flexibility to work everywhere; however, this way of working can affect our well-being, causing discomfort to joints and shoulders and neck pain. Raising your laptop by 14 cm, the Ascend helps alleviate these neck, arm, and shoulder pains. This 110-gram stand is the ultimate gadget that should come with every portable computer. Organise your cables and keep your workspace tidy and clean while at the same time, its ventilation design enhances air circulation and solves the problem of heat dissipation. Material: PU.
