Description

Never be caught in the rain again, stay dry with the Stormy Umbrella. This is the ultimate full-sized umbrella to protect you from even the craziest of storms, with an 8 ribbed frame made from fibreglass and vented wind panel for additional stability from strong winds. The shade is made from a 190T pongee fabric, which means it's a stronger, tougher and a higher density material than traditional nylon and polyester, making it more durable. This umbrella features an automatic button release, two velcro straps to wrap around both the vent and the base of the umbrella canopy when not in use and a matching pongee sleeve. It has a rubber handle. Please note a standard digital transfer CMYK cannot be exactly PMS matched. To convert artwork colours from CMYK to PMS is TBA per colour. For digital transfer printing, please ensure art and colours are at full opacity.

Details
