Description

The Saint Marlo Cheeseboard is the perfect medium sized cheeseboard for your next event. Fitting with the natural and minimalistic style, which is almost always on trend, it is flawlessly versatile, suiting any home or space. The board itself is a sturdy and durable bamboo with a natural grain, featuring a convenient handle to serve nibbles at a cocktail party. A great point of difference in choosing this cheeseboard is the vegan leather strap attached to the handle, which is a perfect storage solution as you can place it in your kitchen on a decorative hook. Product features:

- Made from biodegradable bamboo
- Durable
- Naturally anti-bacterial & bamboo is resistant to bacteria whilst simultaneously being resistant to food odours
- Multi-use; can be used for chopping, cutting, and serving produce such as bread, cheese, and antipasti
- Grip handle to serve meals easily

We can laser engrave however please note no two products will have the same outcome. We encourage Food Grade Ink, which is FDA approved. Product care: Bamboo is commonly referred to as a "wonder" material, and its characteristics make it difficult for liquids to absorb, making cleaning a breeze. Simply hand wash with soapy water and you're good to go. All chopping boards are wrapped in recycled kraft paper to protect their surface during transit. You can either recycle or compost the kraft paper after receiving the product.
