Description

Titleist golf balls are world-renowned and the number 1 ball on tour. Velocity's name says it all. Its large core and spherically-tiled 350 dimple exterior is aerodynamically engineered for explosive speed and distance off the tee with a higher flight trajectory. Even though it is primarily a distance ball the unique design delivers extra spin and greater stopping power for iron approach shots to the green. Velocity is nicely presented in boxes of three in an outer box of one dozen balls. The branding on the packaging is subject to change without notice and this product must be ordered in dozens. Please note this product cannot be supplied without the Titleist logo.
